

27/06/2021

Dear Parents and Carers,

Earlier today WA Minister for Health Roger Cook announced COVID-19 restrictions are now in place for the Perth and Peel regions for a minimum of three days effective from 12pm (midday) today. In particular, mask wearing is mandatory indoors, on public transport, and outdoors where physical distancing is not possible.

Below is an outline of the arrangements and restrictions that apply to our school.

- **Our school and OSHC will remain open.**
- **There will be no assembly tomorrow morning.**
- **Queen of Apostles School has confirmed the Academic Day can go ahead tomorrow as planned due to the small number of students and the venue space available.**
- **We will await for further communication from CEWA and the WA Government before decisions are made on other planned events such as Excursions, Orana Day / Sts John and Paul Feast Day Mass, events and Graduation Fundraising Lunch.**

## **Masks**

Parents, caregivers and staff must wear a mask and adhere to COVID-safe guidelines while they are **indoors** on a school site. However, when teachers and educators are teaching, interacting or caring for children, they are permitted to remove their masks if they interfere with their ability to clearly communicate with students.

If parents, caregivers, staff and visitors are outdoors on a school site, masks must be worn if physical distancing is not possible.

There is no requirement for students from Kindergarten to Year 6 to wear a mask; however, they may choose to if they wish.

## **Scheduled School Events**

Restrictions on the number of visitors entering school grounds are in place.

The following events are postponed until further notice.

- **There will be no parent help this week.**
- **External extracurricular programs can continue as long as providers wear a mask, sign in and ensure physical distancing and venue limits are adhered to.** This include callisthenics, karate and sporting team training. One-to-one tutoring and therapy can continue.

To uphold current government and CEWA guidelines, parents and carers and visitors must follow the protocols below to safely accommodate our community. Whilst at school all adults must:

- **Wear a mask when indoors or in an outdoor area where physical distancing is not possible (e.g. verandas at pick up or drop off).**
- **Sign in using the SafeWA App if entering a building, waiting on verandas or in the quadrangle.**
- **Apply hand sanitiser as you enter a building.**
- **Adhere to the 2m physical distancing rule.**

### **Pick up and Drop off**

The following information about school drop-off and pick-up applies for the week commencing Monday 27th June.

- Parents and carers entering school grounds can utilise the current drop off and collection points or may come into the school grounds to drop off and collect their children. We encourage all parents/carers to use their designated drive through area or back gate for both drop off and pick up from 8.30am and 3.10pm respectively. If you feel you need to walk your child to their classroom, one parent/carer may drop them to their classroom door. **Adults standing under verandas or in the quadrangle must sign in on the SafeWA app.**
- Physical distancing must be adhered to, so please consider this particularly when in high traffic areas, such as outside classroom doors and at peak times such as pick up and drop off.
- Parents and carers from **Pre-Kindy to Year 1** are welcome to attend classrooms in limited numbers if you feel you need to. Drop off at the classroom door is preferred and if necessary, staggered classroom access is restricted to **one parent/carer per child**. A maximum of **5 adults including Orana staff members** are permitted into a classroom at any one time. **Adults entering rooms or standing under verandas or in the quadrangle must sign in on the SafeWA app.**
- Pre-Kindergarten and Kindergarten classrooms will be accessible from 8:45am – 9:15am to allow more time for adhering to physical distancing. Official Pre-Kindergarten and Kindergarten start time is 9:00am and will be in place from Week 1 or Term 3 if the COVID situation has improved.
- The Pre-Primary and Year 1 classrooms will be accessible from 8:30am – 9:00am to allow more time for adhering to physical distancing.
- Please be mindful of other parents/carers; time limits may apply at peak times.

The following protocols will continue to ensure the safety of our students, parents and carers.

### **Water Bottles**

Students are required to bring a water bottle as the water fountain bubblers are not in use. Students will be able to fill up their water bottles during the day as required.

### **Hygiene**

Staff will continue to remind your children to wash and/or sanitise their hands regularly, especially when entering and exiting their classroom; after going to the bathroom and before eating. Please also encourage your children to wash their hands when leaving and returning home. There are supplies of sanitiser around the school and good hand hygiene is encouraged.

### **Sickness**

If your child is unwell, for their health and everyone's safety, please do not send them to school and seek medical advice. Please also keep your child home if they or a close contact are awaiting a COVID test result. Normal processes for advising the school of a child's absence will apply.

### **Cleaning**

Heightened cleaning procedures will be reinstated.

### **Celebrating Student Birthdays**

Birthdays are acknowledged at assemblies and in classrooms. It is not necessary for your child to bring in food items to share for their birthday. If you choose to send something in, please ensure items are individually wrapped and are not homemade, considering healthy eating guidelines. These will be handed out at the end of the school day.

I appreciate that parents and students will have many questions about the restricted arrangements and assure you that I will continue to provide information about the requirements as soon as it becomes available.

Information about the Government's announcement is available on the [wa.gov.au](http://wa.gov.au) site. The latest health information is available through [WA Health Department](#).

Your child's health and well-being remain our first priority. We will continue to focus on providing a calm and safe environment. Please don't hesitate to contact the school office if you have any queries. The School's Leadership Team will continue to monitor the situation closely and will be in contact with parents and carers if any changes need to be made.

I am grateful to all in our Orana community – students, parents, carers and staff – for your support in ensuring our school remains a safe environment for all, especially considering the current disruptions to school life.

Take care and God bless.

Dee Johnston
