

5th April 2022

Dear Parents and Carers,

I am writing to advise you there has been a positive case of COVID-19 associated with Orana Out of School Hours Care Centre.

The case attended Orana OSHC during the morning and afternoon session on Monday, 5th April 2022, whilst infectious. Close contacts of this case have been individually contacted.

Your child is not a close contact. They are not required to quarantine at this time and students should attend school and OSHC.

Nonetheless, this news should come as a timely reminder for all members of our school community to monitor for COVID-19 symptoms and seek testing if symptoms develop.

Advice for all families and staff:

- The school and OSHC remains open.
- We ask that you monitor your child/yourself for symptoms of COVID-19 and if symptoms develop, get tested and isolate until you receive a negative result.
- If you or your child develop any symptoms, please do not attend school/care services.
- Please note that the Omicron strain can present with less typical symptoms such as diarrhoea, particularly in children.

Our school continues to work in partnership with WA Health as we respond to the pandemic.

If you have queries or concerns regarding your child please contact the school. If you have any health concerns, please contact WA Health on 1300 316 555.

Kind regards

Kathryn Alp

Assistant Principal
