

6th April 2022

Dear Parents and Carers,

COVID-19 UPDATE: REPORTING POSITIVE CASES OF RAPID ANTIGEN TESTS

CEWA has been informed by WA Health that some parents may not be reporting positive COVID RAT results to the Healthy WA website:

[Healthy WA RAT Register](#)

We remind our families that their first responsibility is to notify WA Health of a COVID RAT positive result via their website. We would then ask families to inform Orana Catholic Primary School of COVID PCR or COVID RAT positive result via the:

[CEWA Covid-19-Self-Reporting-Form](#)

Providing this information to both WA Health and Orana will ensure the risk to others are minimised and that we can do our very best to limit the spread of the virus across our community.

We remind families that students are not to attend school if they are unwell (symptomatic) or test positive to COVID-19, until permitted under WA Health regulations.

Thank you for your support of our school in this current health climate. Please continue to check for updates via SEQTA emails. Weekly updates of case numbers will continue to be communicated to the community via the school newsletter. Please contact the school if you have any questions.

Kind Regards

Kathryn Alp
Assistant Principal
